

FOR IMMEDIATE RELEASE

Online Canadian Pharmacy ZipRX.ca Launches to Provide Affordable Prescription Medication for All Americans.

VANCOUVER, Dec. 3, 2021--ZipRX.ca is an online pharmacy that makes it convenient for people to get prescription medication at a fraction of the cost from the comfort of their home. **ZipRX.ca** has an experienced group of **Canadian pharmacists** and doctors, with hundreds of drugs available on the website.

According to Census.gov, between 2018 and 2020, the private health **insurance coverage rate decreased** by 0.8 percentage points to 66.5 percent, driven by a 0.7 percentage-point decline in employment-based coverage to 54.4 percent. In addition, **Americans can often have gaps in their coverage plan** that make it difficult to make ends meet with the skyrocketing costs of prescription drugs.

ZipRX.ca source medication from only **Tier 1 countries** like Canada at a **fraction of the cost** and deliver it anywhere in the USA. In addition, customers can manage their prescriptions by having access to pharmacists on-demand through a toll-free number, fax, or text message.

“We strongly believe in **empowering people** to take care of their health and wellness anytime without spending a lot of money. People can conveniently get a prescription from someone in our handpicked network of licensed health care professionals. Not only can they get **various medications** through compounding medication, but they can also receive custom medication to fit their unique health needs quickly and easily.” says company CEO Jack Hyman.

In addition to providing access to various top brand medications, ZipRX.ca also offers **personalized medicines** to treat their specific health condition. The range of drugs available includes **general healthcare** needs such as allergies or weight and hair loss, **primary care** involving respiratory and mental health conditions, and a wide selection of **sexual health treatments** for erectile difficulties and low Libido. And finally, a wide selection of top **specialty medications** for diabetes, cancer, HIV and other critical illnesses. ZipRx.ca is constantly adding **new drugs** as they become available in the marketplace.

Our network of pharmacists is available to review and assess medications to help create a personalized care plan while assuring you get the correct **medications at an affordable price** without breaking the bank. ZipRx.ca is a committed partner in your health not just for today but for tomorrow.
